

Privacy Policy for HireMeMaybe

Last Updated: November 2025

HireMeMaybe is a job application and recruitment platform specifically designed for Computer Engineering (CPE) and Software and Knowledge Engineering (SKE) students at **Kasetsart University**.

This privacy policy explains how our platform uses the personal data we collect from you when you use our website, in compliance with the **General Data Protection Regulation (GDPR)** and the **Personal Data Protection Act B.E. 2562 (2019) of Thailand ("PDPA")**.

1. What data do we collect?

Our platform collects data differently depending on your user role:

For Students (CPSK)

- **Personal Identification:** First name, Last name, Email address (via Google Login), and Phone number.
- **Academic Information:** Program (CPE/SKE), Academic Year.
- **Professional Profile:** Soft skills, Resume/CV (PDF format), and Profile Picture.
- **Application Data:** Expected salary, Years of experience, Programming languages proficiency, and Work authorization status.

For Companies

- **Company Information:** Company Name, Industry, Company Size, Overview/Description, Website, Location.
- **Contact Person Details:** Email address and Phone number of the representative.
- **Job Postings:** Details of job openings created on the platform.

For Visitors

- **Basic Profile:** Name and Email address received from Google Login to identify the user session.
- **Usage Data:** Reports submitted regarding jobs or companies.

For Administrators

- **Credentials:** Username and Password (hashed) for local authentication.
- **Logs:** Actions taken within the admin dashboard (e.g., verifying companies, banning users).

2. How do we collect your data?

You directly provide **HireMeMaybe** with most of the data we collect. We collect data and process data when you:

- **Register or Log in:**
 - We use a hybrid authentication system. You authenticate via **Google OAuth**, which is processed by our backend server.
 - Once verified, your session is maintained on the frontend using **NextAuth**.
- **Complete Your Profile:** When you fill out the registration forms (e.g., CPSKRegisterForm, Company RegisterForm) to add details like phone numbers, majors, or company descriptions.
- **Upload Files:** When you upload resumes (PDF) or company logos/banners (Images).
- **Use Platform Features:** When you apply for a job, post a new job opening, or submit a report.
- **Browser Cookies:** We use cookies to maintain your active session after successful login.

3. How will we use your data & Legal Basis

Under the PDPA and GDPR, we must have a legal basis to process your personal data. We rely on the following bases:

A. Contractual Necessity (To provide the service)

We process your data to fulfill the service agreement between you and the platform:

- **Manage Your Account:** To authenticate your identity and assign correct permissions based on your role (CPSK, Company, Visitor, Admin).
- **Job Matching Services:**
 - To allow companies to view applicant profiles and resumes.
 - To allow students to browse job posts and submit applications.
- **Communication:** To facilitate contact between students and companies regarding job applications.

B. Legitimate Interests (For security and quality)

- **Company Verification:** We process company details through an AI Verification Service to ensure the legitimacy of employers on our platform.
- **Platform Moderation:** Administrators use data to review reported content (Jobs/Users), verify companies, and manage user access (Suspend/Ban).

C. Consent (For optional features)

- If we implement any non-essential cookies or marketing features in the future, we will ask for your explicit consent.

4. How do we store your data?

- **Data Storage:** Your data is securely stored in our backend databases. Sensitive information like passwords (for Admins) is hashed using industry-standard encryption.
- **File Storage:** Resumes and images are stored securely, and access is restricted based on user roles (e.g., only the company you apply to can view your resume).
- **International Data Transfer:** Since we use **Google Cloud Services** and **Google OAuth**, some of your personal data (e.g., email, profile identifier) may be processed on servers located outside of Thailand. We ensure that these international transfers comply with PDPA Section 28 by relying on Google's robust data protection standards and security measures.
- **Data Retention:** We will keep your data for as long as you have an active account or as required by Kasetsart University's educational records policy. You may request account deletion, upon which your personal data will be permanently removed from our active databases.

5. What are your data protection rights?

We would like to make sure you are fully aware of all of your data protection rights under GDPR and PDPA:

- **The right to access:** You have the right to request copies of your personal data held by us.
- **The right to rectification:** You can update your personal information (e.g., phone number, skills, company details) directly through the "Edit Profile" feature.
- **The right to erasure (Right to be forgotten):** You have the right to request that we erase your personal data if it is no longer necessary for the purpose or if you withdraw your consent.
- **The right to restrict processing:** You have the right to request that we restrict the processing of your personal data (e.g., suspending your account visibility).
- **The right to withdraw consent:** Where we rely on your consent to process data, you have the right to withdraw that consent at any time.
- **The right to data portability:** You have the right to request that we transfer the data that we have collected to another organization, or directly to you, in a machine-readable format.
- **The right to lodge a complaint:** If you believe **HireMeMaybe** has not complied with the PDPA, you have the right to lodge a complaint with the **Office of the Personal Data Protection Committee (PDPC)** of Thailand.

6. Cookies

What are cookies?

Cookies are text files placed on your computer to collect standard Internet log information and visitor behavior information.

How do we use cookies?

HireMeMaybe uses cookies primarily for **Authentication and Security**:

- **Session Management:** We use next-auth cookies to persist your login state after our backend validates your Google credentials.
- **Security:** To secure your session against Cross-Site Request Forgery (CSRF).
- **User Preferences:** To persist your user role and registration status while you navigate the site.

What types of cookies do we use?

- **Strictly Necessary Cookies:** These are necessary for the website to function (e.g., logging in via Google). You cannot opt-out of these if you wish to use the platform's member features.

7. Changes to our privacy policy

HireMeMaybe keeps its privacy policy under regular review and places any updates on this web page. This privacy policy was last updated on **November 2025**.

8. How to contact us

If you have any questions about **HireMeMaybe**'s privacy policy, the data we hold on you, or you would like to exercise one of your data protection rights, please contact the **Data Controller**:

HireMeMaybe Development Team (Under supervision of the Department of Computer Engineering) Faculty of Engineering, Kasetsart University 50 Ngam Wong Wan Rd, Lat Yao, Chatuchak, Bangkok 10900 **Email:** hirememaybe1239@hotmail.com
